Our Advice With Hundreds of Others!

The safest—surest and after all the cheapest—place to have your CLOCKS, WATCHES, JEWELRY and SPECTACLES repaired, correctly and neatly repaired and your EYES EXAMINED and GLASSES FITTED WITHOUT THE USE OF DRUGS, is at

M. D. KELLY'S,

THE OLD RELIABLE, N. Main St., Opp. Court House.

We always have the latest and the most APPROVED INSTRUMENTS and METHODS for diagnosing all errors of refraction and the fitting of glasses, with the experience of over thirty-years as jeweler and optician, fifteen years as GRADUATE OPTOMETRIST, so where is the good sense in spending your money from home and risking your eyes and valuables with those who are not so well equipped in every detail as M. D. KELLY, and frequently with fakes, who are here to-day and somewhere else to-morrow.

A Mark of Refinement.

Cleanliness of person is one of the most distinguishing marks of refinement, and commands at all times the highest respect.

To promote cleanliness, install in your sleeping apartment or dressing room a snowy-white, one-piece "Standard" Porcelain Enamelled Lavatory, provided with an abundant flow of hot and cold running water.

Our plumbers are skilled mechanics and do satisfactory work. Let us quote you prices.

SUDDEN DEATH OF W.B. MASSIE.

Attacked with Vertigo and Neck was Broken.

A CONFEDERATE VET.

Remains Brought Here and Shipped to Dawson.

Intelligence was received here Sunday of the sudden death of Mr. W. B. Massie at his home, near Lafayette, that morning. The particulars of his death as learned were as follows:

Mr. Massie was in the yard at his home one and a half miles from Lafayette, and was standing on a small ash heap when he, as is supposed, had an attack of vertigo and suddenly fell backward. His head struck a medium sized piece of wood, crushing the back part of the skull. We have not ascertained how long he lived after his fall, but doubtless his death was sudden, as his neck was found to be broken after an examination. He was one of the heaviest men in the county for his height, weighing over 300 pounds. Three children, a son and two daughters survive him. His remains were brought to this city and sent by express to Dawson Springs for burial, his wife having been buried there several years ago. He was about 65 years of age.

Mr. Massie was a soldier in the Confederate army, being a member of Co. A 2d Regiment, in Command of Col. Thomas G. Woodard, Capt. C. D. Bell, Adjutant, with the rank of Captain. While his regiment was in pursuit of the scattered forces of Gen. Stoneman, Mr. Massie received a wound at Jug Tavern, Ala., from which he never recovered fully enough to have perfect use of one of his limbs, which, with his corpulence, made locomotion quite difficult and unfitted him from doing the usual amount of farm work. He was always cheerful and was one of the best known men in the county.

MADISONVILLE MAN

Given Life Sentence and Mob Seeks His Life.

Roswell, N. M., April 14.—E. L. Price, of Madisonville, Ky., slayer of Conductor Frank Curtis, narrowly escaped a lynching at Portales last night, after it was learned that he had been convicted only of murder in the second degree, which carries a life sentence. He shot Curtis for reprimanding him for insulting two women passengers on a Pullman car. The people wanted a hanging. Only the strength of the jail, which is new, prevented. Then the mob started for the jurors who rendered the verdict, but they were warned and escaped. It was learned that Mrs. Curtis wanted Price to live and suffer. Price's brothers, E. M. and C. L. Price, of Madisonville, Ky., say they will spend their fortune of \$150,000 to release him.

SIX SAILORS KILLED

By an Explosion on Board the Kearsarge.

The Navy Department has received word of a serious accident on the battleship Kearsarge, while she was engaged in target practice near Culebra. An explosion occurred in one of the forward turrets. Lieut. John M. Huggins and five men were killed, and one officer and a number of men slightly injured. The accident occurred at the conclusion of target practice in the forward turret of the Kearsarge as the powder was being taken down. The men were buried at Guantanamo. The accident occurred on Friday the 13th day of the month, two years to the day from the similar explosion on board the Missouri.

REVIVAL BEGAN LAST SUNDAY.

Rev. R. A. Crossfield Will Preach Twice Daily.

SINGER ST. JOHN HERE.

Evangelist Comes From Very Successful Revival.

Rev. R. H. Crossfield, Ph. D., of Owensboro, who is now engaged in special evangelistic meetings at the Christian church here, is one of the best known and ablest of the ministers of his communion. Owing to his versatility and amazing energy he is one of the very interesting figures among the public men of Kentucky. He has traveled not a little; has written a book of travels; he has lectured acceptably; he is an orator, revivalist of great power, and a truly great pastor; and always and everywhere he gets things done.

Dr. Crossfield was born about 37 years ago at Glasgow, Ky. He was educated in the schools of his native county, the Bible College of Kentucky University, Chicago University, and Wooster University, having received several literary degrees. But he is not a bookish man, but on the contrary, one of the vigorously and vitally practical. Speaking of his studies in schools, he once said: "These count for but little in comparison with the education I am getting from men and things and books." He has been in the ministry fourteen years, the last ten of which he has spent in his present pastorate at Owensboro, the four other years having been spent in a pastorate in Glasgow.

Dr. Crossfield comes to his work here from a revival in his own congregation, in which there were more than ninety additions. He will preach here throughout this week at 3 o'clock and 7:30 o'clock p. m., and next Lord's Day at the usual hours. The music, as heretofore announced, will be under the direction of Mr. LeRoy St. John, who has already demonstrated his ability as a leader and singer. Everybody is cordially invited to attend all the services.

GETTING READY.

EDWIN BOOTH,

About 100 Vets Will Go to New Orleans on April 23.

Initial preparations are about ready for Ned Meriwether Bivouac to attend the Confederate Reunion at New Orleans. Capt. R. S. Pool, of Cerulean Springs, was in the city yesterday and says that he has been officially notified of the departure of trains which will carry the old soldiers. The I. C. road was selected some time since as the route from this section.

Next Monday, the 23rd, is the day for the start. The train leaves here at 4:30 p. m., and Gracey at 5:15. Members of the bivouac from Cerulean, Cobb and Gracey will take the special train at Gracey. The run from here to New Orleans will be made in less than twenty-four hours. Judge W. P. Winfree, will be the captain in command and Capt. Pool, whose rank in the bivouac is that of lieutenant, will be second in command. About 100 veterans, besides other persons, will go from this city and the other points named above.

CO. D INSPECTED.

Capt. Jarvis and Col. Gaines Hold Official Inspection.

Capt. Melville Jarvis, U. S. A., and Col. Noel Gaines, K. S. G., inspected Co. D last night at the armory at 8 o'clock. Capt. E. W. Clark had his company of fifty-four officers and men in excellent condition for the ordeal and they undoubtedly made a good impression. The officers left this morning for Bowling Green. The regimental headquarters and Col. Henry's staff officers were also inspected here.

Subject of Lecture By Mr. J. W. Downer.

Mr. J. W. Downer delivered his lecture on Edwin Booth at Bethel Female College Friday night. This lecture was originally prepared as a paper for the Athenaeum two years ago and he delivered it by special request to the young ladies. Mr. Downer excels in this class of literary work and his treatment of the great tragedian was most entertaining. It was listened to with close attention by an appreciative audience. At the conclusion of the address, the young ladies held a reception in the college parlors.

LAST LEADER OF HERREROS

Capture of Chief and Entire Band Marks Big Step in Squelching Hottentot Uprising.

A cable dispatch from Berlin has reported that the governor of the Southwest African Colony announces the capture of Chief Cornelius and his entire band of native warriors. Cornelius, next to Jakob Morengo, was the most dangerous enemy of the Germans in the Hottentot uprising. A price was placed upon his head. A British agent having tried to win the reward to kill Morengo, he again crossed into his own country.

Many instances of the generosity and bravery of Morengo are cited. One day, meeting on his way two wounded German soldiers, he sent them back well fed, to the nearest German post. Another day he appeared at the door of a German farmer, Paul. "Give your gold and your cattle; I need them to me; I'll give you a receipt; you will be paid when this war is ended." Farmer Paul complied with the request, and asked to remain at his farm. "Impossible," answered Morengo, "you would play spy toward us. The voyage hence to Germany costs 600 marks. Here they are. Pick up a mule, travel to the coast and go home." Another day, two German officers and about 10 men, in quest of drinking water, were about to fall into an ambush of 200 Hottentots. Morengo prevented the massacre, and was satisfied to have his enemies understand the peril from which he had saved them.

BORNEO GIRLS' LONG EARS

But for That Feature, the Fair Maidens of the Isle Might Be Called Beautiful.

"I liked the girl," said the sailor, "only her ears were too large." He finished his drink at a gulp. "Like all them Borneo girls," he said, "she was slim and lithe. Her teeth was white. Her eyes were clear."

"But then ears! The lobes was three inches long. And do you know why? Because she had stretched them out, had lengthened them by pulling them continually with her fingers from childhood, the same as a Chinawoman from childhood continually squeezes her feet in a steel box to make them small."

"Wherever I went in Borneo I found the same long ears among the native girls. In Samarinda, in Samput, in Kadat, it was the same, and it was the same in Telokapi, in Banjarmanah and in Pasir. The young women had ears that

heavily touched their shoulders. The young girls sat in the sun pulling their ear lobes with their fingers so as to make them long."

Missouri Hen a Lovely Flower.

What is the Missouri hen if she isn't a bloomin' ornament to the whole state? She pays off farm mortgages. She buys food and drink and clothes for her owner. She sends the young men and the young women to school and keeps them there—longer, sometimes, if must be confessed, than is good for them. She blossoms early and late, in fair weather and in foul, and everywhere she is plucked with enthusiasm and with loud acclaim. Missouri not a state flower? Why, this great commonwealth of ours is one glorious bouquet of magnificent flowers—Cochins, Leghorns, Plymouth Rocks, Black Spanish and others as numerous as pin feathers on a pullet. Of course we've got a state flower. —Maryville Tribune.

CHANCE FOR TIGER HUNTER

So Many of the Man Enters in South China That Natives Want Them Killed.

Never have there been more deaths caused by tigers than during the last six months. In one village alone in Hoipin region not far from No Ma, which can be reached by the steamship Nan-sing every two or three days from Macao, there is a small village which has lost ten persons on account of tigers, while in the same region some 20 more persons have paid the penalty of their lives on account of these ferocious animals, says the Hong Kong Telegraph.

Why cannot some of the Nimrods of Hong Kong inaugurate a great hunt and thus clear out these monsters which have become a menace to the Chinese? Innocent women and laughing children would be forever thankful to anyone who would deliver them from this curse, which they dread so much.

The Chinese seem to have no skill in exterminating or catching these wild beasts, or perhaps they fear to molest them, lest the tiger spirits may injure their persons in the future. Be that as it may, it is a great shame that not more than 100 to 120 miles from Hong Kong, within easy reach, these wild beasts are permitted to carry on their depredations. Let those who delight to shoot the innocent and harmless birds once try a good sized tiger for a target, and the Chinese will use up and call them blessed and immortalized their name and deed in verse.

Beware of Imitations

Great Pike Turned Out to Be a School Composed of Countless Finny Creatures Packed Together.

There are various means to get rid of a monster, but the best method on several grounds, is to explain him away. This is always the line of least resistance, and they have just adopted it with signal success in Zurich. Some time ago an intelligent policeman, so completely at his wit's end how to kill time off duty that he took a walk for nature study along Lake Wallenstadt, observed in the water what he took at first for a dead human body, but on closer examination found to be a live fish—as he concluded, a monster pike, and the lake having below the normal supply of fish, a popular impression got abroad that the giant jack had eaten them all. The phenomenon seemed so tantalizing that Prof. Henscher, of Zurich, took it up, and he has made a discovery—scarcely less remarkable in its way than the policeman's—that the fish is not a single monster, but a whole school of harmless bream, which have a way of swimming so closely jammed together as to give the impression of a single moving body.

CHRISTIANITY'S BEGINNING.
Spots in Holy Land Where Different Events Chronicled in Bible Took Place.

The hills of Bethlehem are full of caves—natural and artificial—and many of them have historic significance, says Four Track News. There is the Milk Grotto, in which Joseph and Mary are said to have concealed themselves before their flight into Egypt to escape the evil designs of Herod. The snowy whiteness of the soft chalk out of which it is hewn is ascribed to the spilling of a few drops of the Virgin's milk when she nursed the infant Jesus. Another grotto is pointed out as that in which St. Jerome for more than 30 years led the life of a hermit, when bitter factional dissensions had forced him to leave Rome.

On a western hill a rock-strewn plateau, around which stately cypresses stand guard, marks a place where the ancient Hebrews brought their sacrifices unto the Lord. It is a solemn place, well fitted to excite devout thoughts—a place where a man might well keep communion with his Maker. In its broader features Bethlehem is almost unchanged since the days of David.

WOMEN'S WOES.

Hopkinsville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop means torture; they must bend and work with racking pains and many aches from kidney ills. Kidneys cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Re of a remedy for kidneys only that help and cures the kidneys and is endorsed by people you know.

Mrs. John Coombs, of 1226 South Virginia street, says: "For a great many years I suffered with a persistent aching across my loins and through the kidneys. At times my back was so bad that I could hardly turn in bed and I could hardly lie on my back at all without placing my hand under it, which seemed in some measure to relieve the pain. A friend of Mr. Coombs' told him that Doan's Kidney Pills and he got a box for me at Taylor & Traher's drug store. On using them I steadily improved, until the dreadful aching was relieved, and could attend to my household duties without any inconvenience. They did more for me than any medicine I ever used and I gladly recommend them."

The Weather.

For Kentucky and warm weather Tuesday.

Willie Hoppe, the world's champion billiardist, was beaten by the score of 500 to 245 by George Stoen in the national billiard tournament. The result was a big surprise.

Murray is now pretty well supplied with papers. It has the Ledger, the Times, the Neighborhood News and the Daily Free Press. There is just about room enough in Murray for one good paper.

Maxim Gorky, the Russian socialist author, is already getting into hot water in this country. Because of published statements that the woman accompanying him is not his legal wife, Gorky was requested to vacate the Hotel Bellevue in New York. He complied with the request, and is now at the residence of H. Gaylord Wilshire. Gorky declares that the published stories are false. He says he secured a divorce in Finland and married Andreeva, the Russian actress accompanying him, before a notary. Gorky has been distinguished himself by sending a telegram of sympathy to Meyer and Haywood, the men accused of complicity in the murder of former Gov. Sewall B. Tamm.

As a result of the campaign last fall in Livingston county, in the circuit at Smithland Tuesday, two prominent Republicans were fined \$200 and costs for circulating libelous reports and circulars reflecting on Judge Thomas Evans, who was the Democratic nominee for county judge. The campaign was the bitterest ever waged in that county and the Republicans for the first time captured the county offices by small majorities. J. E. Chittenden, editor of a Republican paper at Marion, and H. C. McChord, chairman of the Republican county committee of Livingston, are the parties fined, they have pleaded guilty to the charges. Three \$10,000 damage suits, resulting from the same campaign, are on the docket of the present term of court in that county. It is claimed by the Democrats that the defeat of their ticket was due to charges of extravagance and theft made against Judge Evans and his fellow county officials, all of which charges have been since the election proven false. —State Journal.

Chas. A. Edwards, the well known Washington correspondent, pays the following handsome tribute to Congressman Stanley:

The elegant young Kentucky Congressman, the Hon. Owsley Stanley, has just been giving the Bostonians a sample of Kentucky eloquence, Kentucky pathos and Kentucky stories, all of which are the best in the world. He was one of the guests of honor at the annual congressional dinner given by the Newton Club at Newtonville, Boston, last week. His speech was the hit of the evening. All the Boston papers vie with each other in paying him tribute and I am glad of this opportunity to do him justice in the letter. The serious parts of his speech were statesmanlike, his wit and humor were as

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price, 75c per bottle.

bright as the sunlight that flashes on steel, his bursts of eloquence were the kind that make men's nerves tingle and his pathetic oration left not a dry eye in his audience as they all joined in singing "The Old Kentucky Home."

Bully for Stanley, it was a triumph to be proud of.

There is lots of good timber on the Democratic side of this House of Representatives, but not a piece of it sounder or better than young Stanley with n'er a knot or woodpecker hole in it. He represents a district once represented by the brilliant John Young Brown, and the inimitable "Quinine Jim" McKenzie, but Stanley does not have to lower his intellectual standard to any man. The people of this district have paid their intelligence a distinct compliment by sending him to the congress and they will continue to do so by keeping him there so long as he is willing to serve them. Keep your eye on Stanley.

HOPE'S NEW STORY.

"Sophy of Kravonia," To Appear Serially.

Good news for lovers of stirring romance! Anthony Hope has written a new story in the style of "The Prisoner of Zenda," and is surpassing it in interest. It is called "Sophy of Kravonia" and is to appear exclusively in the Sunday Magazine of the Chicago Record-Herald, beginning April 22.

The mysterious country of Kravonia lies in the same romantic region of southern Europe as Zenda, but the new story has no connection with that of the famous Rudolph Rassendyll. Its central figure is a still more interesting person—a courageous and beautiful heroine, who rises from lowly life to the throne. Sophy de Gruche is her name, and she loves the brave but unfortunate Prince Sergius, as she proves in a series of the most exciting events in modern fiction. Her trials and triumphs are due to the existence of two factions in the court. One is loyal to the true heir apparent, Prince Sergius, and the others seek to place upon the throne the little son of Countess Ellenburg, the king's morganatic wife. The conspiracy leads to many dramatic scenes, one of the most thrilling being that in which the old king dies, covers the guilt of the countess and drops dead at a moment when things are in a perilous condition for Sergius and his bride. How Sophy comes out of this turmoil of intrigue, battle, tears and joy, Anthony Hope reveals in his own inimitable style.

The first installment of "Sophy of Kravonia" will appear April 22. On account of the great demand for this fascinating story it will be wise to order your copy of The Sunday Record-Herald well in advance.

SHORT WORK

Made of Two Suspected Rape Victims in Missouri

Springfield, Mo., April 15. A mob of three thousand men and boys took two negro women, Susan Duncan and Jim Copeland, from the county jail and hung them to the electric light tower on the court house and built a fire under them and they were roasted to death.

The men were charged with assaulting Mabel Edwards, but it is said they were probably innocent.

Mabel Edwards came here recently from Monett, Mo., and obtained employment as a domestic. Friday night while Mabel Edwards and a young man were riding in a buggy they were stopped by two negroes, who beat the young man, named Cooper, into unconsciousness and dragged Miss Edwards into the woods.

Duncan and Copeland were arrested with but little evidence against them.

ANOTHER VICTIM.

Springfield, Mo., April 15.—At 2:15 o'clock this morning Wm. Allen, a young negro, was taken from the county jail here and lynched in the Public Square by the same mob that two hours earlier had hanged Horace Duncan and James Copeland.

The body of Allen later was burned to ashes, and those of the other negroes, beneath the spot where they had been lynched.

Following the dispatch of Duncan and Copeland, some one suggested that Allen and Bus Cain, two other negroes known to be in jail, should also be lynched.

The mob, now blood-thirsty and wrought up to the highest pitch of excitement, readily took up the cry and soon the charred bones of a third victim lay beneath the electric light tower. Cain escaped.

Allen and Cain were being held upon suspicion of having murdered O. P. Murak.

Gov. Folk has sent troops to prevent further trouble.

VANDERBILT GLEE CLUB

At Tabernacle Next Saturday Night, April 21.

This Glee Club composed of thirty young musicians, has proven a great success each season, for several seasons. Their program this year is far superior to any they have ever attempted, and under the efficient leadership of Mr. C. E. Washburn, they rank as the best organization in America. The entertainment is given under the auspices of the Chemical Society of B. F. C. Prices, first five (5) rows 75c; balance of house 50c, general admission or reserved seats. School children under 15 years 25c, over 12 years 35c.

The Nashville press has this to say of the Club:

"No show that has been through Nashville this season has presented a chorus that would compare with Vanderbilt's Glee Club."

"The audience was a tribute to the Club, as few attractions could have secured such a representative assemblage at the end of a crowded entertainment season."

"An unqualified success in every way and in the fullest acceptance of the term."

"The program was well arranged and pleasingly diversified."

"The comedy features of the glees were especially strong. * * The hit of the Club is Morton B. Howell, who is par excellence a comedian."

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.
 Fill a bottle or common glass with your water and let it stand twenty-four hours. If the water is turbid, it indicates a urinary condition of the kidneys. If it stains your linen it is evidence of kidney trouble. Too frequent desire to urinate, pain in the back is evidence of kidney trouble. What To Do.
 There is much to be known as to the necessity of being careful to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest in the wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address: Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

FORTY TON

Ice Machine Being Put In by Ellis Ice Co.

Everybody will have all the ice he wants this year. The Ellis Ice Co. bought a new machine some time ago and has already received part of it. The capacity of the new machine is 40 tons per day.
 In reply to the question as to how many delivery wagons he would run this season, Mr. Ellis said that it would be owing to the demand. He said the company wanted to supply its customers promptly, and if necessary he would put ten wagons on the streets. As is well known the prices will be 25 cents for 100 pounds and 30 cents for over 50 pounds. For small quantities 50 cents per hundred.

EASTER

Preparations By the Fair Sex Kept Milliners and Dressmakers Busy.

SOME SPECIAL SERMONS

Some of the Churches Had Splendid Floral Decorations.

Saturday the streets were thronged by ladies, most of them intent on assuring themselves that their new head wear would be delivered in time, while the dressmakers were rushed throughout the entire day finishing spring dresses for Easter Sunday. In fact the whole of the week had been a rush, but some of the customers did not get their purchases until midnight Saturday night.
 A strong cold wind swept over the city Saturday afternoon and for variety of dress the like has hardly ever before been seen here. Ladies who had dressed for spring went down town after dinner shopping and staid in the stores as much as possible to keep from taking cold; others had not discarded their winterwear and even wore furs; sometimes you would see a lady dressed in thin white, looking like a stray snowflake and chilled through and through; slippers had taken the place of high boots, showing the imprudence of the wearers; young ladies who had placed their orders for Easter hats early could not wait for Sunday and came out in them, reminding one of frost covered roses; most of the men were clad in their winter clothing, many of them wearing heavy overcoats; occasionally one would meet the fellow who was tired of winter and had "crowded the season" by donning his last summer's straw hat; dotting mothers had driven down town just after dinner with their little babes dressed just

A GRAPE CREAM OF TARTAR BAKING POWDER

It makes the most delicious and healthful hot breads, biscuit and cake

FREE FROM ALUM, LIME OR PHOSPHATIC ACID

Alum baking powders are unhealthy. Do not use them for raising food under any circumstances. So detrimental are alum baking powders considered, that in most foreign countries their sale is prohibited. In many States in this country the law compels alum powders to be branded to show that they contain this dangerous acid, while in the District of Columbia, Congress has prohibited the sale of all food that contains alum.

Alum baking powders are sold to consumers at from ten cents a pound to 25 ounces for 25 cents, or 25 cents a pound, and when not branded may generally be distinguished by their price.

right for taking cold enough to last until the middle of May, while the little boy who had "turned his feet out to grass" looked as if he "wished he hadn't done it." Altogether such a varied, mixed-up affair is never seen except on Saturday before Easter.
 The observance of Easter, which commemorates the Lord's resurrection is becoming more common by Protestants every year. The local pastors probably without one exception, had prepared Easter sermons. The floral decorations at some of the places of worship were grand, every potted plant, evergreen and early

blooming cut flower having been brought into requisition. A splendid musical program was rendered at the Episcopal church, while other choirs had made preparation for appropriate music. The Epworth League had a sunrise meeting at the Methodist church, which called many of the young people out at an unusual hour.

Sunday was not an ideal day for Easter. The sun rose without a cloud in the sky, but in an hour it was obscured by rather heavy clouds, the air was sharp and cutting, which continued during the day, and one felt more like staying indoors than donning spring suits. But the ladies, a few of them, were brave and sallied forth in new hats of every conceivable and inconceivable form, size, color, trimmed and untrimmed, gowns light enough for midsummer, looking charming. It is true—but oh how cold—suggesting the practicability of frost the coming night; greenhouse flowers were not very conspicuous. Overcoats, furs and wraps were worn by the majority of people, however, and what the English call "an ugly day" was a great disappointment to everybody. To be plain, Easter Sunday for display was a failure, but all the churches were well attended.

ALL SOLDIERS

Of the U. S. Army Will be Armed Alike.

The War Department has about completed the issue of new rifles to the troops in the United States. This marks the passing of the carbine, so long a weapon of the cavalry branch of the service. Both infantry and cavalry are being supplied with same model of rifle, a modification of the model of 1903. This is about six inches shorter than the Krag and about two inches longer than the carbine now being discarded by the cavalry. For the present the rifles are being used with the rod bayonet, but later they will be called in, when the new bayonet recently decided upon will be substituted. The issue to the troops in the Philippines will follow, and

DISFIGURED WITH ECZEMA

Brushed Scales from Face Like Powder—Under Physicians Six Months But Grew Worse—Some Said Face Would Be Marked for Life—Now Without a Blemish.

CUTICURA REMEDIES WORK WONDERS.

"As I was a sufferer with eczema I write to tell you what a great friend I found in Cuticura Remedies. It took six months I had tried three doctors, but did not get any better. It was on my body and on my face so thick that I could hardly put a pin on me without touching eczema. My face was covered, my eyebrows came out, and then it got in my eye. I then went to another doctor. He asked me what I was taking for it, and I told him Cuticura. He said that was a very good thing, but that he thought that my face would be marked for life. But Cuticura did its work and my face is now just as clear as it ever was."

"My brother-in-law told me about the wonderful Cuticura remedies. I took his advice and got the Ointment, Soap, and Resolvent. I washed with the Cuticura Soap and then applied the Ointment, and took Cuticura Resolvent as directed. In a short time my face began to get better, and when I had taken one bottle of Resolvent I could brush the scales off my face like a powder. When I took my fourth bottle my face was as clear as ever."

"I told all my friends about my remarkable cure, and I feel so thankful I want everybody far and wide to know what Cuticura can do. It is a sure cure for eczema. (Signed) Mrs. Emma White, 641 Cherry Street, Camden, N. J., April 25, 1905."

Complete External and Internal Treatment for every form of Eczema, from Itch to the most severe. Cuticura Ointment, 25¢ per tin; Cuticura Soap, 25¢ per box; Cuticura Resolvent, 50¢ per bottle. Write for full particulars. Sold by all druggists.

In the book of Proverbs we find this advice: "Train up a child in the way he should go, and when he is old he will not depart from it." The advice of King Solomon may certainly be applied to the boy (or girl) who, by means of a Home Recording Safe receives, during his minority, practical lessons in thrift and savings. What our men and women of fifty years will be, depends on the children of to-day. Is it not worth our while, even at the cost of considerable effort, if necessary, to teach our boy or girl the value of money, the habits of thrift economy and savings. Herbert Spencer says, "Education is the preparation for complete living." Overcoats. — Latter Finds Valuable in "Hooligan's" Garment.

In Moscow the other day a civil servant was making his cautious way home when he was suddenly seized by an armed hooligan, who demanded his money. "I—I," stammered the hapless civil servant, "have only my watch, but it is good and of gold. Will that do?"

"I suppose it must," growled the hooligan, who took the watch and released its owner. Presently, however, he again overtook his prey to demand his cost.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

To New Orleans,

ACCOUNT

United Confederate Veteran's Reunion,

VIA

Illinois Central R. R.

THE OFFICIAL ROUTE.

At a meeting of Ned Meriwether Camp, U. C. V., held at Hopkinsville, March 31, a vote was taken as to the most desirable route to be taken on the above occasion, and the ILLINOIS CENTRAL was selected by an overwhelming majority. Arrangements were made for a SPECIAL TRAIN to leave Hopkinsville via Illinois Central R. R., at 4:30 p. m., Monday, April 23rd, for the accommodation of the Veterans and their friends. This train will arrive at New Orleans about 10:30 Tuesday morning.

The special will be first-class in every particular and will consist of Pullman Sleeping Cars and Free Reclining Chair Cars, and will be joined enroute by the Cadiz, Uniontown and Morganfield, Ky., camps and their friends, who will also be furnished with special cars.

The rate from Hopkinsville will be only \$18.00 for the round trip. All tickets will be good returning until April 30th, 1906, but an extension of limit to May 21st, 1906 may be secured by depositing ticket with Joint Agent at New Orleans not later than April 30th and paying fifty cents.

Between Memphis and New Orleans tickets will be accepted via either the Illinois Central or the Y. & M. V. Ry., in either direction. The Y. & M. V. Ry. passes through Vicksburg, Baton Rouge, Etc., and stop orders will be given to visit any point of interest desired.

A general invitation is extended to the public to accompany the Veterans upon this trip, which will enable you to visit New Orleans at the season when it is most beautiful.

HERO WORSHIP AND MAPS.

Influence of Great Men Shown in the Naming of Many Places—Ball Team Names Towns.

Hero worship has had a hand in the making of maps. We have post offices bearing the names of every president down to and including Mr. Roosevelt. Only two of his predecessors are lacking in the list of countries. Naturally the favorite in the naming of towns and counties is Washington, and he is the only president for whom a state has been named. But others than presidents enjoy these honors.

Successful soldiers, sailors, statesmen, editors, authors, inventors, the heroes of ancient history and mythology and even popular actors and athletes share a like distinction. Our list of post offices is a long one, and contains names from almost every language, living and dead, and chosen on almost every conceivable principle or impulse.

Two counties in Kansas present a curious association of ideas; Greeley county has for its capital a town called Tribune and Elysian is the county seat of Grant. New stations were to be named along a western railway some years ago, and they were named after the members of a professional baseball team that had opened just then to win the championship.

TOOK FATHERLY INTEREST

Young Man Called to See Daughter, But Played Poker with Father and Lost \$18.

"It was this way," said the salesman in a music store as he shook his head and sighed sadly, according to the Baltimore American. "She was a charming girl. She came in here after music and I made her acquaintance. By and by she asked me to call. At my third call she was not at the door to receive me, but her father was. 'Young man, this is your third call at my house,' he said in tones that made me go over me.

"Yes, sir," "And what brings you here, sir?" "I was so frustrated that I couldn't answer, and after a moment he demanded: 'Do you come to see my daughter or to play poker with me?'

"To play poker with you," I answered.

"Then come on!" "And we went into the library, and in the course of an hour he had skinned me out of \$12 in cash and had my I. O. U. for six dollars more."

"And the romance is ended?" "For sure. Too much poker and not enough girl is bound to discourage any young man."

Doctors Will Work in Shifts.

Physicians in Germany propose to divide the day and night between them. They object to being subject to the call of their patients at any hour of the 24. The patient is not to be left in the lurch, however. His opportunity to spend his money on medical attendance is not to be curtailed. The German doctors propose, as a matter of simple justice to themselves, a day of 12 hours. This means night and day shifts, and as doctors need rest the same as other human beings, and can do their best work only when they have it, the change proposed seems to be as clearly in the lay interest as in that of the profession.—Kansas City Journal.

When It Blows.

The months of greatest tornado frequency in the United States, as shown by the reports of Lieut. John Finley, of the United States signal corps, are May, April, June and July, in the order named. The hours of greatest frequency during the day are from 3:30 to five p. m., just after the hottest part of the day, when warm ascending air currents are most liable to meet cooler descending ones.

Not Worried.

Friend—No your son is in college. What is he preparing for? Father—Don't know. But by the successful way he works me I think he's going to be either a diplomat or a financier.—Detroit Free Press.

"What makes those two women knock each other so terribly?" "They used to be very close friends."—Detroit Free Press.

The sight to miss.

Brander Matthews, who holds the chair of dramatic literature at Columbia university, is a recognized "first night" man. It would be a daring young playwright who would break the tradition of sending seats to the shrewd but kindly critic of Morristown. Some years ago, when Prof. Matthews was dramatic writer for the Nation, a young acquaintance came to Broadway with a manuscript. Of course, Mr. Matthews was pleased to attend the first performance, and was anxious to see the best in his friend's effort. The next morning he called on how it took.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial constable at Chapeau, Ontario, says, "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured. This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

It is said the wheat crop is much better than for several years.

Grippe Quickly Knocked Out.

"Some weeks ago during the severe winter weather, both my wife and myself contracted severe colds, which speedily developed into the worst kind of a grippe, with all its miserable symptoms," says Mr. J. S. Eggleston, of Maple Landing, Iowa. "Muscles sore, knees and joints aching, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grippe." Sold by L. L. Elgin and Anderson & Fowler, the up-to-date druggists of Hopkinsville.

TO-DAY

THE American Snuff Company's lot—the old base ball park on Walnut street—will be sold at public auction. This is the last "near town" property to be divided into lots, and offers a most desirable location for those desiring to build a home and a very attractive speculative possibility. Walnut and Eighteenth streets are among the most desirable residence streets in the city, and nowhere else in Hopkinsville can a lot be had the size of these and so well located for less than twice the amount these lots are expected to bring. Never before in the history of this town was there such valuable property thrown on the market under the auctioneer's hammer. The Park is divided into lots fronting on Walnut and Eighteenth streets, and will be sold separately first and then as a whole, and if the prices are reasonable the bids will be accepted on the spot, and the American Snuff Company will locate their new factory on the Belt Line, and farther away from the residence district. Sale begins at 2:30 TO-DAY and will be conducted by the greatest living auctioneer. It will be worth your time to come and hear him—free ride to the Park.

"DR." STANLEY DEAD.

Body Found in School House Yard Near Julien.

The dead body of Phillip Stanley, a colored rheumatic specialist of this city, was found near Julien Friday. The body was in a sitting posture, in the corner of the fence which surrounds the Julien colored school house. Phillip was about 30 years old and came here from Elkton about three years ago. The coroner held an inquest Saturday morning and the remains were brought here and interred in the potter's field.

are often frustrated by sudden breakdown, due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies, and give you a new start. Cure headache and dizziness too. At Hardwick's drug store; 25c, guaranteed.

GINSENG FARMING.

Seed to Be Sown On Ten Acre Woodland.

Wesley Meacham, a young farmer of near Carl, this county, has just completed what is probably the largest ginseng garden in the State. He and a younger brother have prepared about three-fourths of an acre and the seed has been sown. Mr. Meacham has been cultivating ginseng on a small scale for several years, and has found it so profitable that he decided to increase the size of his "bed." The garden is located on a north hillside and is well protected from the sun by a heavy forest, no artificial shade being required. Meacham Bros. will also sow six pounds of seed on ten acres of woodland. A harvest will then be run over the leaves, in order to cover them. The fall of leaves from year to year is expected to protect the growth and insure a heavy yield of the native root, which, it is said, commands a higher price than the cultivated article.

BIG TIME

Expected at the B. B. B. Rink Tonight.

There will be a jolly good time at the B. B. B. skating rink tonight. The Pembroke military band has been engaged for the evening and a number of Pembroke skaters will come down with the band. This will be one of the most enjoyable occasions of the entire season and no pains will be spared by the managers to make the visitors, as well as the local people, enjoy themselves to the fullest. Music is such a very enjoyable feature that the managers have made a contract with Lebkuicher's band to play every Monday, Wednesday and Friday nights for the remainder of the season.

If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.
